Honoured Sir,

I humbly beg to present this application entreating Your Honour to give it a kind consideration.

In 1947, with the intention of opening a new Boys' High School at Puttur, I submitted an application to the Director of Public Instruction Madras through the proper channel, praying for permitting me to open a Boys' High School at Puttur.

The need for opening another Boys' High School in this progressive town to cater for the educational needs of the growing population of the Puttur Taluk was keenly felt by the public and in this respect they agitated representing the matter in mass petitions and through the press also, to the Director of Public Instruction and the Hon'ble Minister for Education.

In response to these representations the District Educational Officer South Kanara being convinced of the need for another High School for boys at Puttur, inspected the locality for the proposed new High School and was pleased to find the locality suitable and he recommended the application.

Subsequently the Divisional Inspector of Schools Coimbatore ordered that permission would be granted if an endowment of Rs.30,000/- would be created and legally conveyed. The Director of Public Instruction was addressed in the matter and the Director passed final orders refusing permission on grounds of want of endowment, asking the Educational Dept whether any other agency would be willing to open a High School furnishing the said endowment.

It is in the esteemed notice of the Hon'ble Minister that ever since no agency has come forward for opening a High School at Puttur, furnishing the said endowment.

I have provided already a fine building and spacious site for playground etc. The building can now accommodate Middle School classes and in due course necessary constructions will be put up by me to accommodate the High School classes. All the necessary furniture and equipment will be furnished by me at a short notice. There is suitable staff also ready with me to be appointed if the school is being permitted.

Being prepared to bear all these heavy outlays, it is impossible to fulfil the condition of Endowment in these hard times. The Lord Bishop of Mangalore will stand security for the stability and proper running of the school.

In the interest of the public who are incessantly clamouring for another High School for boys at Puttur,

and also for the liquidation of mass illiteracy, and in view of the assurance of the Government that they will encourage earnest efforts of private agencies, I most humbly beg of you to be so gracious as to grant me permission to open a High School at PUTTUR in June 1949, without the condition of Endowment

Earnestly soliciting favourable consideration and early orders,

I remain,
Yours faithfully,

The Hon'ble Minister for Education,
GOVERNMENT OF [illegible]

Humble representations of the public of P.T.D. town, Puttur Taluk, in South Kanara District.

Sir, we the undersigned petitioners beg of your kind permission to place before you the following for favour of kind consideration and necessary actions.

1. Since 1947 we have been actively agitating for another Boys' High School in our progressive Town of Puttur. The existing High School for boys is not able to cater for the needs of the Puttur Taluk as the accommodation available in the existing school is quite insufficient for the ever increasing number of students and this clamour is ~~xxxxx~~ continuing with a lot of inconvenience to the public for the last three years.

2. Being convinced of the need for another boys' High School at Puttur, the District Educational Officer South Kanara was pleased to recommend an application from Rev.Father A.Patrao, for permission to open a High School at Darbhe in Puttur, after visiting the site proposed for the prospective high school. But the final orders of the Educational Department disappointed us totally. Over and above all other conditions, a galling and distressing condition to provide a cash endowment of Rs. 30,000/- was demanded and as a result the matter of opening a High School was then dropped.

3. With regard to this condition of Endowment which is insisted on private agencies, we fail to understand why such galling and extra-ordinary and incentive-killing condition of Endowment should be imposed on private bodies that come forward to help the cause of the Government and more so when such agencies are willing to provide for all the preliminary requirements of sites, building, furniture, equipment etc.

4. In this particular case, we know that Fr.Patrao has provided all the requirements and he has been ably conducting High School and Elementary Schools all these years to the satisfaction of the public and has acquired stability to run the institutions under the aegis of the Lord Bishop, who has diocesan properties to support.

We point out in the interests of the public and also in the interests of advancement of education and in view of inducing more philonthrophic persons to help the cause of the Government, that the condition of endowment needs to be cancelled in respect of well established agencies.

5. We earnestly hope that with the change in the Ministry this unpopular and distressive condition of demanding endowment may be dropped and liberal encouragement may be given under the popular regime of the present Cabinet.

6. We earnestly beg of you to be graciously pleased to permit Rev.Fr.Patrao to open a Boys'High School at Puttur and to let us have the benifits of another boys' high School. Necessary orders may kindly be passed sufficiently early so as to enable the opening of the High School in June 1949, by the commencement of the academic year.

Yours faithfully,

Puttur.

"Students clamouring admission pray grant high school immediately.... Puttur Public."

We further represent that the public of Puttur long felt keenly felt the necessity of another High School owing to the inadequate accommodation in the local High School.

There are over a hundred students clamouring for admission and are dissatisfied not having secured admission. On pressing Rev.Fr. A.Petrec Vicar Puttur to open a High School to absorb these students he states that he is prepared to do so and meet all the requirements except ENDOWMENT.

We pray that the creating of Endowment which policy of the Government has caused so much of dissatisfaction, may be waived. This Endowment Policy has choked so many High Schools from springing up.

We pray that the Popular Government may permit the aforesaid Private Agency to open a High School at Puttur this year itself in June, with I, II and III forms to begin with.

It will not be out of place to add here that if there were no barrier of Endowment the aforesaid Rev.Fr.Petrec would have opened a High School last year in June itself.

Hence praying for speedy orders waiving endowment for opening a High School at Puttur Town,

Puttur - Permission.

Hon. Sir,

I am very thankful to you for the privilege of interview you accorded to me this day. I had brought to your kind attention the following - that the Director of Public Instruction in his Proceedin R.C.No.986. D3. - 47 dated 1-3-48 elicited from me wheth I would offer an endowment for the opening of the High School at Darbe, Puttur, in March 1948. I then intervi in May 1948, the Hon.Minister for Education Sri A.S. Avanashilingam Chettiar. In this connection he was graciously pleased to ask of me to pay only Rs.5000/- but even that amount I was not able to assure in as much as I had to find finances for the building, equipment, furniture, playground etc. Eventually, I had to drop the opening of the High School owing to the condition of Endowment.

Subsequently, the Government was pleased to pass orders in Proceedings G.O.No.1657 dated 20-5-48 stating that endowments need not be insisted from school started prior to 1-6-48. I beg to state that the publ of Puttur irrespective of caste and creed have sent you and the D.P.I. petitions supplicating that a High School might be opened this year itself and that permission ma be granted to Father Patro to open it. The school is a dire necessity and officers of the Education department having assessed the needs of the locality have recommended my application. There are about 150 students awaiting

admission, and the public are anxiously waiting for the permission. In view of these circumstances, I beg of you to graciously consider this application as coming under the orders of the Government recently passed, in as much as I applied for permission last year 1948. But for the endowment the school would have been a reality in 1948 itself. Therefore, in the interest of the ~~public~~ public and for affording facilities of higher education, I earnestly entreat you to grant me permission immediately to open the school exempting me from payment of endowment. Which favour the public and I will ever be grateful to you.

From.... The Puttur Public , represented by Signatory.

Honoured Sir ,

I hereby confirm having wired Your Honour this day the following on behalf of the public of Puttur Town.

"Existing High School Insufficient Supplicating Another Waiving Endowment " Puttur Public.

In continuation of the above I beg to represent as follows for favour of kind consideration and benign orders.

The insufficiency of accommodation in the existing Board High School has been keenly felt not only by the parents of this area but also by the Education Authorities who have recommended another High School for this Town.

For the last several years numerous students were pouring in for admission into the local High School , only to go back disappointed. This year also the same woeful situation has repeated.

This matter was represented many times to the Director of Public Instruction Madras but no High School has come up. On the other hand when Private agencies were willing to provide here another High School , the Government was simply turning down applications for permission to open High School deserving the Endowment.

This demand for endowment has killed down the incentive of Private agencies and at the same time has deprived the parents of facilities for Higher Education., by not permitting them to open High Schools. This is a galling condition.

In the interests of the public it is the duty of the Government either to provide another High School in this Town or to permit Private agencies to open High School removing the barrier of Endowment , this year in June itself.

Ref: Government Memorandum 28685-B1/49 dated 29-6-1949.

The District Educational Officer has now reported that no one is prepared to run the school satisfying the departmental conditions. Rev. Fr. A. Patro, although prepared to run the school, wants to be exempted from the creation of an endowment but such an exemption is not contemplated in any order of Government.

As already mentioned in my letter Roc.No.126-D3/49 dated 27-6-1949 with reference to Government Memorandum 47280-B1/49 dated 24-6-1949 the question of relaxing the endowment condition even in favour of schools opened after June 1948 will take time to decide and pending a decision, the management will have to give atleast an assurance in regard to the fulfilment of the endowment condition, as has been done by others. As waiver in anticipation will lead to complications, I cannot recommend it.

May I be permitted to state that the D.P.I's proceedings ROC. No. 3877 3/'9 dated 13-7-49 reading that the correspondent is inform that only on a proper undertaking to the effect that an endowment of Rs 1000/ will be created immediately in favour of the school and anot sum of Rs 1000/ will be secured in a couple of months and the rest of the endowment will be built up in time can the permission applied for will be given."- have come as a most bitter disappointment to the Puttur Public as differing from the assurances given me in my interview with the D.P.I.

On my return from Madras I had announced to the whole of Putt that the Hnble the Minister for Education and the D.P.I. had been v liberal regarding the endowment policy- and that I was asked by the D.P.I. to assure a sum of Rs 1000/ for the financial stability of th new school and that the amt- might be paid at the end of March 1950 and that the assurance would be waved aside and the amt. refunded if in the course of the year favourable orders were passed regarding the endowment.

The Public were enthusiastic over this announcement and t D.P.I's assurance and were expecting every moment favourable orders for the immediate opening of theschool in reply to my application dated 8-7-49.

That the D.P.I. was graciously pleased to accept my abo mentioned proposals, during my interview granted on 7-7-49 and he kindly directed me to forward my application assuring me that the opening of the school would be immediately granted as per terms mentioned in my application letter dated 8-7-49.

I had likewise announced to the Public the speech of the Minister for Education reported in the Mail dated 12-7-49 stating that the Director was at liberty to reduce the endowment from Rs 30000 to 1000 and if neccessary he might waive the rule insisting on the payment of the endowment . By this assurance the pubplic and the tudents were buoyed up with hopes and were expecting that that the opening of the school would be immediately granted.

I regret to inform you that these proceedings have cast a gloom over all. The hope of the Puttur Public have been frustrat they are disappointed and dissatisfied. The Public are forcing me to approach you again and I beg of you in these circumstances to graciously grant me permission as per my application to the D. P.I.

Yours' faithfully

Rev.Fr.Patro was informed on 13/14-7-49 that the permission would be given to him on his undertaking to create an endowment of Rs.1,000/- immediately to be followed by another Rs.1,000/- in a couple of months and the rest being built up in time.

He, however, seems to expect a relaxation of the condition regarding endowment altogether. But he has been definitely told on 25-7-49 that all that he may expect is time. So far he has not written further in the matter. Orders granting permission to open will issue as soon as he agrees to comply with the very moderate conditions suggested by me.

3. Connected application of mine dated 16-9-49.

The Government in their Memorandum No. 28685-B1/49-6 Edn. dated 29-8-49, copy of which was also communicated to the Director of Public Instruction Madras, were pleased to order me to create an endowment of Rs.2000/- only for the High School at Puttur, of which Rs. 1000/- was to be paid immediately and another Rs. 1000/- to be paid within the time to be granted by the Director of Public Instruction.

In my letter dated 16-9-49 to the Director of Public Instruction Madras I had agreed to create the said endowment as per Government Memorandum referred above.

During my unavoidable absence at the end of September the Director of Public Instruction granted an interview to my Assistant, Rev.Fr.L.S.Pais who was then in charge of the parish and schools, and on my behalf he had agreed to pay Rs.1000/- immediately as required in the Govt.memorandum, and I hereby confirm it.

In the order of the Director of Public Instruction communicated to me granting permission to me to open High School at Puttur in ROC 387-D3-49 dated 4-10-49 I find the condition that an endowment of Rs. 15000/- is to be created by me for the High School in question.

I regret to bring to the kind notice of the Director that the concession granted to me in the Government memorandum quoted above has been waived aside and the old conditionsof endowment for the mitigation of which I had approached the Government and Educational Authorities on several occasions, have been still insisted.

Therefore I earnestly request the Director of Public Instruction Madras to pass favourable orders in accordance with the Government memorandum referred above.

For which kindness I shall ever pray. Yours faithfully,

Several representations were received from Rev. Fr. A. Patro that he may be permitted to open a new secondary school at Puttur from the current School year. He seeks exemption from the creation of an endowment for the school. Under the existing orders, & the conditions regarding the creation of endowments are not insisted upon only in respect of schools opened prior to June 1948. The question whether endowments should be insisted upon even in respect of schools opened after June 1948 is under consideration. The D.P.I. to whom the case was referred does not recommend the waiver of the condition regarding the creation of an endowment in respect of this school ~~in anticipation~~ pending a decision on the general ~~issue~~ question.

2). It was proposed at the instance of H.M(E&L) to advise the D.P.I. to take steps on the lines suggested by H.M. in his talks with the Director. However in view of the latter's letter ~~on view~~ opinion that no concession need be shown in this case (in ~~no~~ regard to the creation of endowment) the file may be circulated to H.M. (E&L) for orders whether the draft D.O. below ~~may be~~ should be issued
